

**Ministry of New and Renewable Energy
Grid Connected Rooftop Solar Division**

Central Financial Assistance (CFA)/ Central Government Subsidy for rooftop solar plant installed by a residential consumer under simplified procedure

| Plant Capacity | Applicable Subsidy |
|----------------------------|--|
| Up to 3 kW | Rs. 14588/- per kW |
| Above 3 kW and up to 10 kW | Rs. 14588/- per kW for first 3 kW and thereafter Rs. 7294/- per kW |
| Above 10 kW | Rs. 94822/- fixed |

Validity of CFA/subsidy rates: The CFA/subsidy indicated above will be applicable for all applications registered on the National Portal till further notice and will be released after clearance by inspecting authority (DISCOM) on successful commissioning and installation of metering system as per specified procedure.

Eligibility Criterion: CFA/subsidy would be applicable only for those projects which have implemented fully through the National Portal after the date of launch (30.07.2022) i.e., application made on National Portal on/after 30.07.2022 and processed for technical feasibility approval & installation of RTS plant by registered vendor thereafter, as per the provision of National Portal/ simplified procedure. **The plant capacity eligible for CFA/subsidy would be calculated after factoring in the capacity already installed** at the site. The applications on the National Portal shall be submitted by the concerned consumer/beneficiary only and the application submitted by vendors are liable to be rejected. Further, MNRE may take punitive action against such vendors including blacklisting and/or debarment from further participation in the program.

Mandatory Conditions: For availing CFA/subsidy through the National Portal, it is essential to install the rooftop solar plant through registered vendors of the concerned DISCOM and as per the guidelines and technical specifications issued by MNRE. In addition, only indigenously manufactured solar panels/modules (both solar cells and modules shall be made in India) shall be used for installation of the rooftop solar plant.

Calculation of CFA/subsidy: The CFA/subsidy would be calculated on the basis of total solar module capacity/solar inverter capacity/capacity approved by DISCOM, whichever is lower.

Disclaimer: Mere submission of claims on the National Portal would not entitle an applicant to receive CFA/subsidy. The compliance of complete process/guidelines issued by MNRE is mandatory to avail CFA subsidy. Submission of false claims on the National Portal, or using forged/false documents to avail CFA, would be viewed seriously and strict action would be taken against the concerned as per the provisions of prevailing Acts, rules and regulations.

Illustration for calculation of central Government subsidy

| Rooftop Solar System Capacity (Lowest of total solar module capacity or solar inverter capacity/ capacity approved by DISCOM) | Applicable Subsidy |
|--|---|
| 2.5 kW | Rs. 14588/- X 2.5 = Rs. 36,470/- |
| 3 kW | Rs. 14588/- X 3 = Rs. 43,764/- |
| 4 kW | Rs. 14588/- X 3 + Rs. 7294/- X 1 = Rs. 51,058/- |
| 6.5 kW | Rs. 14588/- X 3 + Rs. 7294/- X 3.5 = Rs. 69,293/- |
| 10 kW | Rs. 94822/- |
| 15 kW | Rs. 94822/- |
| For Resident Welfare Associations (RWA)/ Group Housing Societies (GHS) | Rs. 7294/- per kW For common facilities up to 500 kWp @ 10 kWp per house, with the upper limit being inclusive of individual rooftop plants already installed by individual residents in that GHS/RWA at the time of installation of RTS for common activity. |

Note: The CFA/subsidy rates indicated above are for illustration purpose only.
